The following is an examiner's statement of reasons for allowance: None of the cited references, alone or in combination, disclose the waders with the attached jacket including an accorded material disposed behind the at least one zipper as claimed in claims 1 and 7. The amendment to the claims which added the "accorded material to claims 1 and 7 has now obviated the Double Patenting rejection and need for a Terminal Disclaimer. The Terminal Disclaimer is no longer needed since applicant's original patent (US 6,668,383) does not include claims to an "accorded material" behind the at least one zipper nor was it disclosed. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
